

Ericsson Telecom AB

Organisatorisk

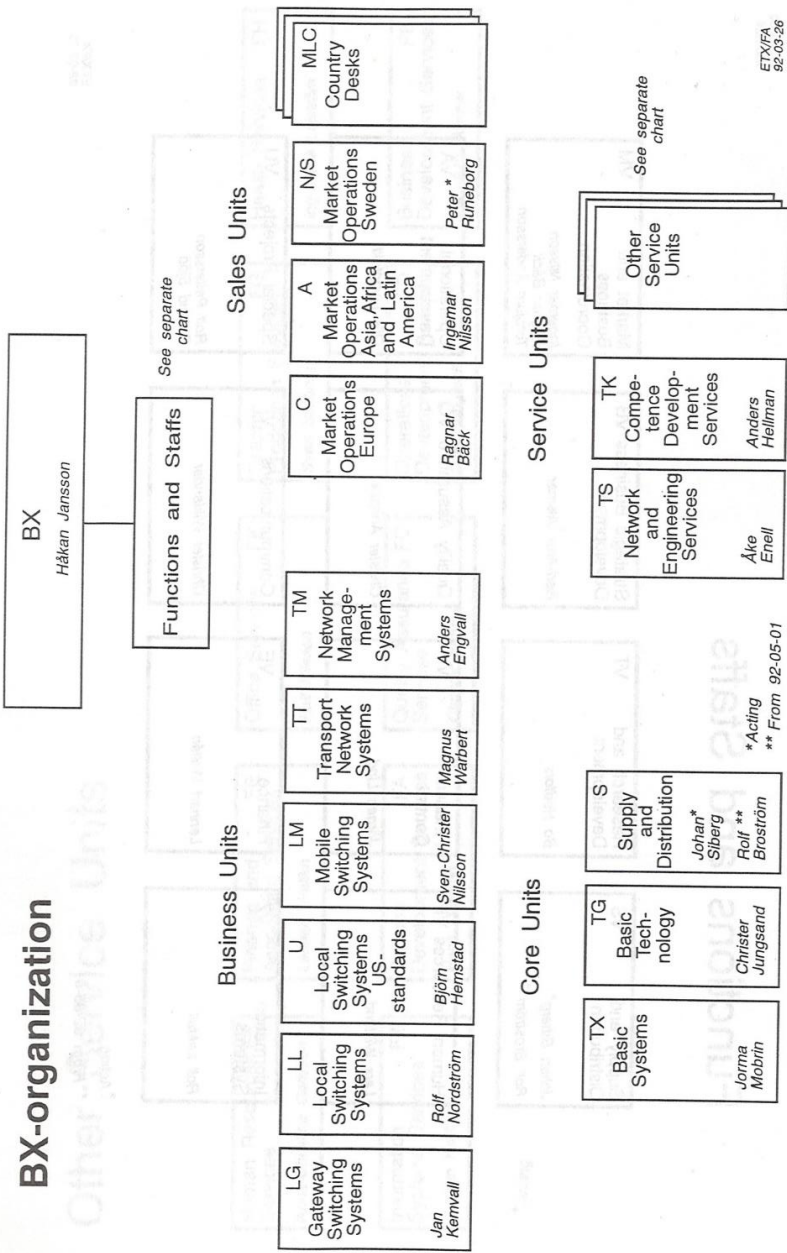

Telefon katalog

Interimistisk mars 1992

Observera att många av de i katalogen upptagna beteckningarna, benämningarna och funktionerna är temporära och att de endast gäller fram till det att den slutgiltiga organisationen är fastställd. Dessutom pågår ett arbete, för att undersöka möjligheten att införa tjänstebeteckningar, som speglar den förändringsprocess, som ETX/BX nu genomgår.
